Your Future Transition Days - UPDATE

Monday 21st June Virtual ONLY

Dear Student,

Thank you if you have already signed up to our Transition days in June. Unfortunately, following updated government guidance, we have had to review our risk assessment which means the event has now moved to a virtual platform. In order to maintain quality provision, we have compressed the activities and they will now take place on Monday 21st June only.

An updated overview can be found overleaf, with sections split into specialist subject pathways. We allocated you a specific pathway in our last communications. This was based on your current subject choices. If this does not suit your career aspirations, you can let us know on the below sign up link.

Remember, we are asking that between now and this day you complete transition projects for at least 3 subjects of your choice in preparation for LIVE subject tasters with your teachers for next year. These materials can be found on the [Your-Future.Life](https://www.yourfuturelife.co.uk) website.

As we no longer need to consider venue capacities, there are now **unlimited spaces available**. If you haven't managed to sign up to this event yet, please click [this link](#) so we are able to prepare virtual meetings via Microsoft TEAMS. Links to join these meetings will be sent to your email address.

We look forward to seeing you soon. If you have any concerns or queries, please feel free to get in touch.

Yours sincerely,

C Paddock

Ms C Paddock
